

35-26-018 Oviedo Open #4 Saturday February 14, 2026

It was a lovely Valentine's Day to pitch horseshoes! And we successfully used the new eShoe Tournament application. Several players took score on the electronic devices while on their byes and while we started out with a little trepidation, after a few down and backs we all felt good about the app and thought it was working really well!

Thank you to NHPA for making new things available! This tournament director was able to keep score on 3 courts all at once and not have to worry about checking score sheets or entering data into the computer.

Congrats to all the winners! Thank you to all who participated playing and keeping score! See you next time!
